

Tim and Anne Evans are a **REAL LIFE** couple who have hearts for God and are passionate about marriage. They are parents, grandparents, and ordained ministers. As a retired fire chief and nurse, Tim and Anne have lived out God's marriage Plan A for over three decades.

REAL LIFE Ministries www.RealLife.us.com is based in Colorado Springs. Its mission is to: teach people to passionately and humbly love God, love others, love themselves, and love real life. Tim and Anne do marriage counseling, lead **REAL LIFE** Marriage Advances, and provide training on marriage, intimacy, and sexuality.

REAL LIFE Marriage Companion Journal accompanies the book **REAL LIFE** *Marriage: It's Not About Me*. It provides personal questions and practical applications to the biblical principles presented throughout the book.

Life is about story, and those who invest in this Companion Journal will be encouraged to live in life's **Larger Story** where God (not self) is the main character.

Couples will grow in understanding God's Plan A design for marriage. This involves husbands and wives in mutual equality and mutual authority living out the creation, dominion, and procreation mandates.

The Companion Journal will lead couples into a deeper understanding of the Four **R**'s of marriage: **R**eacting and **R**evealing — the plurality and goodness of God, **R**uling — taking dominion, and **R**eproducing — both biological and spiritual children.

REAL LIFE Marriage Companion Journal is a tool that is biblical, relevant, and real-life. It challenges husbands and wives to reclaim God's original Plan A design for marriage and advance together in **+ Spirit + Soul + Body Oneness**
